The image displays two protein structure and disorder analysis plots. The top plot covers residues 1 to 60, and the bottom plot covers residues 70 to 90. Each plot includes a sequence, secondary structure, SS confidence, disorder, and disorder confidence.

Top Plot (Residues 1-60):

- Sequence:** ME I R EGHNKF Y I NDKQGKQI AE I VFVPT GENL AI I EHTDV DESLKGQGI GKQLVAKVVEK
- Secondary structure:** Shows several alpha-helices (blue arrows) and a disordered region (green zig-zag).
- SS confidence:** A bar chart showing confidence levels for the secondary structure.
- Disorder:** A bar chart showing disorder levels, with a disordered region (green zig-zag) between residues 45 and 55.
- Disorder confidence:** A bar chart showing confidence levels for the disorder analysis.

Bottom Plot (Residues 70-90):

- Sequence:** MRREKRK I I PLCPFAKH EFDKTR EYDD I RS
- Secondary structure:** Shows a beta-strand (blue arrow) and a disordered region (green zig-zag).
- SS confidence:** A bar chart showing confidence levels for the secondary structure.
- Disorder:** A bar chart showing disorder levels, with a disordered region (green zig-zag) between residues 80 and 85.
- Disorder confidence:** A bar chart showing confidence levels for the disorder analysis.

Confidence Key

High(9)  Low (0)

? Disordered

 Alpha helix

 Beta strand
