Figure 1 displays the protein structure and disorder analysis for the protein. The protein is shown as a green ribbon structure with blue arrows indicating beta-strands. The disorder analysis shows regions of high confidence (red) and low confidence (yellow/green) for both the protein and its disorder prediction.

The protein structure is shown in three segments: 1-60, 70-120, and 130-150. The disorder analysis shows regions of high confidence (red) and low confidence (yellow/green) for both the protein and its disorder prediction.

The protein structure is shown in three segments: 1-60, 70-120, and 130-150. The disorder analysis shows regions of high confidence (red) and low confidence (yellow/green) for both the protein and its disorder prediction.
